Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Tuesday 12 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Largely dry but often rather cloudy, some brightness at times.

This Evening and Tonight:
Remaining largely dry this evening, but thickening cloud, particularly in the east of the region, perhaps bringing a few spots of rain in places. Staying mostly dry in western counties with clear intervals and some mist and fog. Minimum temperature 7 deg C (45 deg F).

Wednesday:
A grey and cloudy start to Wednesday for much of the region. Some brighter interludes though and an increasing chance of warm sunny spells developing by the afternoon. Maximum temperature 18 deg C (64 deg F).

Outlook for Thursday to Saturday:
Mostly cloudy on Thursday with some bright spells developing. Rain pushing south on Thursday night, but sunnier and cooler on Friday. Starting bright on Saturday, but cloudier later.
